

ALTA Technology Committee Report

Chair: Chris St. John

Staff Liaison: Barry Sawyer

Recent Meeting: October, 2017 (ALTA ONE)

Future Meetings: March, 2018 (ALTA Springboard)

Recent/ Current Updates:

- Getting Information to ALTA Members – Communications Pipeline - Soliciting participants for writing white papers or articles on important technology items. The committee is looking for its members to work with the ALTA Communications department to contribute to the topics highlighted in the February phone/virtual meeting among committee members. The resulting product may be an article for TitleNews Online, TitleNews magazine, or a contribution to the ALTA Blog.
- E-notary and Remote Notary – ALTA has started a Remote Electronic Notarization Workgroup. This group is focused primarily on legislative/regulatory information more than technology, but innovation is part of the conversation. Members of the Technology Committee have been participating in the group's conference calls.
