

ALTA Technology Committee Report

Chair: Chris St. John

Staff Liaison: Barry Sawyer

Recent Meetings: In person, ALTA SPRINGBOARD

Future Meetings: In person, ALTA ONE

Recent/Current Projects:

- Examining emerging and disruptive technologies
 - There is a subset of the committee that is studying technology for local title office operations and title plants, and provide the ALTA membership with timely information and advice in this field (e.g., articles, information, best practices, white papers).
- Drafting a data breach incident response plan
 - The committee is conceiving a set of recommending guidelines for how to resolve a potential data breach.
- Review and suggest changes to Best Practice Pillar #3
 - A subset of the committee is developing suggestions for additions to Best Practice #3
