American Land Title Association

OUR TITLE IS PROTECTION

ALTA is the national trade association representing title insurance companies, title and settlement agents, independent abstracters, title searchers, and real estate attorneys. The title insurance industry employs over 140,000 professionals across the country, located in every county nationwide. ALTA members conduct title searches, examinations, closings, and issue title insurance that helps protect the property rights of millions of Americans.

TITLE INSURANCE PROTECTS BUYERS AND SELLERS

The title insurance industry has protected the property rights of consumers for more than 125 years.

As experts in real estate and property law, title insurance professionals fix problems that real estate agents, mortgage lenders, local county recorders, or others, cannot solve.

THE LAND TITLE INDUSTRY PROTECTS PROPERTY OWNERS FROM:

- Judgements against the property
- Previous owner's unpaid taxes, alimony, and child support
- Errors in public records
- Fraudulent deeds
- Forged documents
- Boundary or survey disputes
- Undisclosed heirs

The entire cost of title insurance is covered by a one-time premium, approximately 0.5% - 1% of the cost of the property's purchase price. Consumers never pay a deductible or an annual premium. Title insurance is regulated by state insurance departments and real estate settlement is overseen by the Consumer Financial Protection Bureau (CFPB).

The closing process is also typically managed by title or settlement agents, or real estate attorneys depending on the state, to finalize the sale of a property. Broadly, closing includes:

- Proper disbursement of funds to the appropriate parties (called escrow)
- Accurate collection and validation of all necessary signatures on key documents (called notary)
- Prompt recording of the deed to enforce property rights and lien position
- Education on the risks of real estate wire fraud
