Resource Title Celebrates 25th Year in Cleveland
Independent Real Estate Title Agency to Donate Portion of Revenue to
Cleveland charities

Cleveland—July 2, 2009 Independence-based Resource Title Agency, Inc., a real estate title insurance firm, will celebrate 25 years of service in the Cleveland area by donating a portion of its forthcoming revenue to Cleveland-area charities. For each residential purchase (mortgage) or refinance transaction Resource Title conducts through December, \$25 will be donated to a local charity. For every commercial transaction conducted, the company will donate \$100.

Resource Title is an independent, family-owned title agency which has provided title, escrow and closing services to the residential and commercial markets since 1984. The company also offers non-traditional services in the relocation, default and Real Estate Owned (REO) fields. The company has operated in Cleveland through the entirety of its existence.

The charities to benefit from Resource Title's donations will be **Cornerstone of Hope**, a comprehensive grief center; **RAI**, a non-profit organization focused on counseling adolescents and young adults impacted by cancer; and **The Cleveland Food Bank**, a non-profit organization seeking to alleviate hunger in the Cleveland area by providing food and support to multiple organizations.

"People have heard many negative things about the mortgage and real estate industry in the past two years, and in some cases, justifiably," said Andrew Rennell, executive vice president for Resource Title. "But Resource Title is very proud to be a long standing member of the Cleveland corporate community, and even prouder to be able to give

back to the people of this region. We would like Clevelanders to know that there are good, honest operators in this industry as well, and that they take their civic responsibilities very seriously.”

For more information about Resource Title or its program, please contact Andrew Rennell at (216) 393-8183.

About Resource Title Agency, Inc.

Based in suburban Cleveland, OH and with offices throughout the country, Resource Title Agency, Inc. is an independent, family-owned title agency that has provided comprehensive title, escrow and closing services to commercial developers, Realtors, real estate agents and brokers, mortgage lenders and home builders since 1984.

With a wide range of clients throughout the country, the company prides itself on an ability to customize programs to the individual needs of its customers. In addition to delivering traditional settlement services, Resource Title also offers unique and well-regarded services in the relocation, default and Real Estate Owned (REO) fields. The company also leans on cutting edge technology to streamline all of its processes, resulting in rapid and accurate service.
