## **Title Action Network Achieves Record 10,000 Members**

*Members in all 50 states and 42 state land title association partners*

**Washington, D.C., November 17, 2014** — The [Title Action Network](#) (TAN), the premier grassroots organization promoting the value of the land title insurance industry, announced that its membership has passed 10,000 individuals. The organization was launched in March 2012 and currently has more than 10,300 members.

TAN is an affiliated organization with the [American Land Title Association](#) (ALTA), the national trade association of the land title insurance industry.

“The Title Action Network’s presence has expanded greatly this year as members of the land title insurance industry continued to promote the value of their work to legislators and regulators at the state and federal level,” said Michelle Korsmo, ALTA’s chief executive officer. “We are extremely proud of our state partners that have used the TAN system to advocate on local issues that deeply affect our member’s business. Our partners in California, Colorado, Kansas, Michigan, Missouri, New York, Ohio, Pennsylvania, and Virginia, issued action alerts in 2014 with tremendous success. We will continue to engage our robust membership in 2015, relying heavily on the continued use by our state partners. We are grateful for their support and helping grow this important organization.”
