## **American Land Title Association Announces RedVision as an Elite Provider**

**Washington, D.C., June 8, 2015** — The [American Land Title Association](#) (ALTA) has announced that RedVision has been named an [Elite Provider](#).

ALTA's [Elite Provider Program](#) is comprised of premier service providers committed to offering comprehensive benefits to the title insurance and settlement services industry. Elite Providers promote the highest industry standards and provide effective solutions for ALTA members' critical needs. In order to become Elite Providers, applicants are assessed based on their financial strength, their commitment to the overall industry, their national distribution capabilities and reference checks with existing customers.

"I am pleased to announce that RedVision has joined our growing ALTA Elite Provider program," said Michelle Korsmo, ALTA's chief executive officer. "We are constantly working to provide our members with the resources to find businesses with a proven track record of trusted products and services. The Elite Provider program connects ALTA members with technology and service providers across the land title insurance industry."

As the largest independent national provider of title and real property research, [RedVision](#) applies straight through processing (STP) and single-source solutions to transform the procurement and processing of title information. In 2015, the company introduced its proprietary NOVA® technology and cascade of best practice standardized Redi products – SearchRedi, ExamRedi, CurativeRedi and ClearingRedi – to assist customers with transaction cost savings, SLA attainment, compliance and risk management. Since 2006, RedVision has delivered more than 7.5 million title reports to over 1,600 client organizations, including financial institutions, title underwriters and settlement service providers.

As an ALTA Elite Provider, RedVision offers ALTA members a complimentary title procurement and production consultation.

"As an ALTA Elite Provider, we strive to define the industry standard for title production nationwide," said Brian Twibell, CEO of RedVision. "This recognition further demonstrates our commitment to provide customers – who experience new market challenges and regulatory pressures everyday – with standardized best-practices and highest industry standards for the procurement and processing of title information."
