

Better Data. Less Headaches.

Increase your data quality and reduce human error in your mortgage files with the ALTA Registry. The American Land Title Association (ALTA) has developed a national registry of title insurance agents confirmed by their title insurance underwriter.

ALTA
REGISTRY

Accuracy and Efficiency for Your Operation.

The national ALTA Registry gives your entire team direct access to centrally managed key information that will:

- Save time and allow your team to have direct access to centralized information about your service providers.
- Reduce errors and risk knowing a unique ALTA ID exists for individual title agencies and their various branches to reduce confusion over similar or duplicate data.
- Increase data quality with title insurance underwriter confirmed data points.

For more info or to begin utilizing the **ALTA Registry**, please contact altaregistry@alta.org or call **855-618-2582**
