## Why Not Add a Direct Link to Your ALTA Registry Listing?

Now that you are in the ALTA Registry and confirmed by your underwrite(s), a great way to highlight to your clients that you are part of the solution is to add a link from your website or email directly to your own listing in the ALTA Registry.

As you are aware the ALTA Registry establishes the ALTA ID number and contains a snapshot of information each of your business locations may have its own ALTA ID and a confirmed listing.

What better way to feature your company than to have a tailored link to your listing in the ALTA Registry using your ALTA ID.

### Follow these easy steps to set this up:
